

New MedicinesComplete platform

All of our subscribed services are now available on the new MedicinesComplete service, so we advise users to make use of the new service in future. The old service will be withdrawn on 3rd June, with only the new platform being available after that date.

What is different?

The look of the new platform is quite different

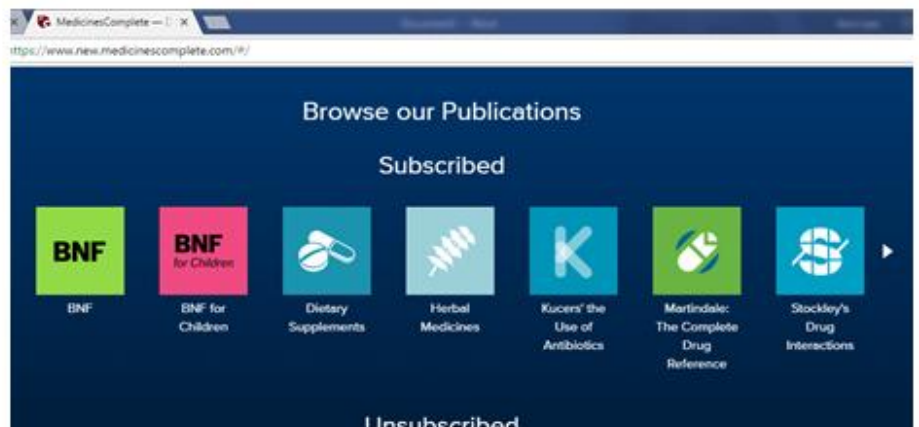

but the publications are the same

MedicinesComplete provides online access to some of the world's leading drug and healthcare references.

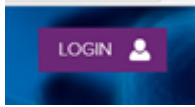

Unsubscribed Publications

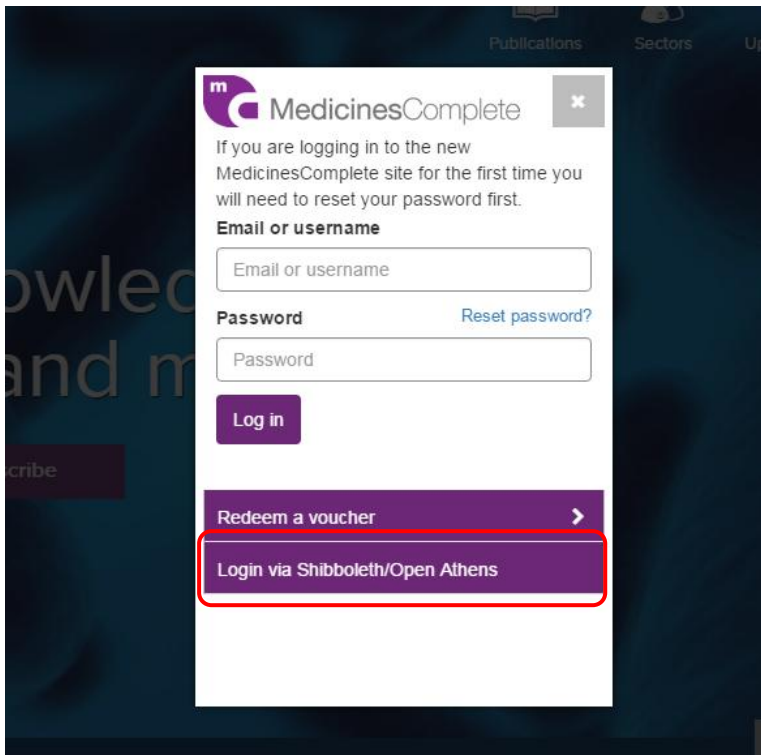

Logging in

If you are connected to a network serving the NHS in Scotland, you should not need to login to use the service. If not, click on the 'Login' icon at the top right

This brings up a login box, with several options. Choose the 'Login in via Shibboleth/Open Athens' option

You then see a list of institutions to choose from; type 'nhs' and you'll see a link for NES Knowledge Services – NHS Scotland – click on it.

Shibboleth. OpenAthens

SAMS Sigma Shibboleth Discovery Service

Which organization would you like to sign in with?

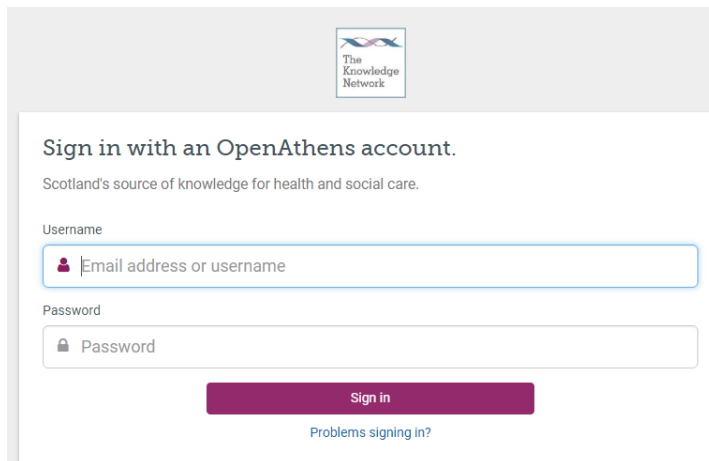

nhs

NES Knowledge Services Group - NHS Scotland

NHS England

NHS Wales e-Library

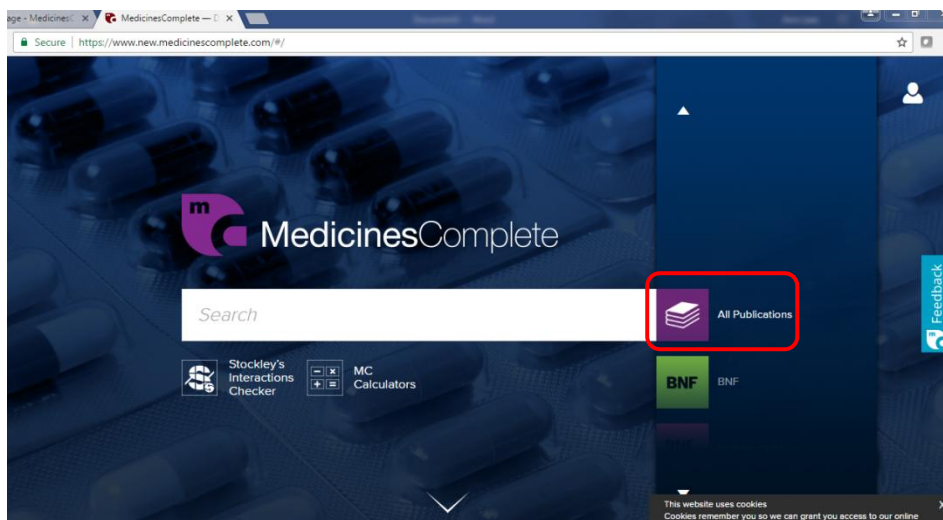

If you have already logged in to an OpenAthens service, you'll be taken back to MedicinesComplete, if not the familiar login screen will appear

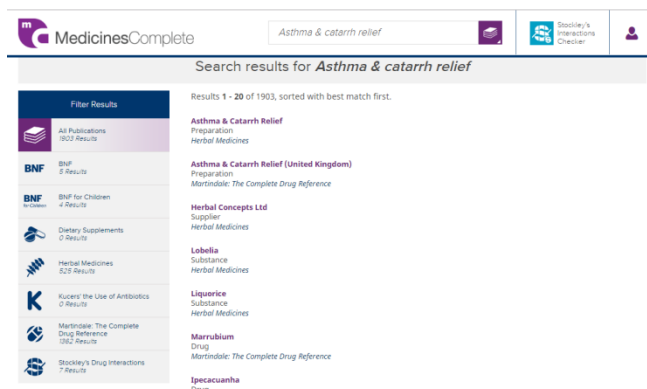

The image shows the login interface for MedicinesComplete. At the top center is the logo for 'The Knowledge Network'. Below it, the text reads 'Sign in with an OpenAthens account.' and 'Scotland's source of knowledge for health and social care.' There are two input fields: 'Username' with a placeholder 'Email address or username' and 'Password' with a placeholder 'Password'. A purple 'Sign in' button is positioned below the fields. A link for 'Problems signing in?' is located at the bottom of the form.

Searching

Once you have logged in, you'll see a search box that will let you search across all the MedicinesComplete titles

The results page shows you how many hits it found in each publication

The screenshot displays the search results page for 'Asthma & catarrh relief'. The search bar at the top contains the query. Below the search bar, the text reads 'Search results for Asthma & catarrh relief' and 'Results 1 - 20 of 1903, sorted with best match first.' A 'Filter Results' sidebar on the left lists various publications with their respective hit counts: All Publications (1903 Results), BNF (5 Results), BNF for Children (4 Results), Dietary Supplements (0 Results), Herbal Medicines (529 Results), Kucers' Use of Antibiotics (0 Results), Martindale: The Complete Drug Reference (1903 Results), and Stockley's Drug Interactions (7 Results). The main content area lists search results for 'Asthma & Catarrh Relief', 'Asthma & Catarrh Relief (United Kingdom)', 'Herbal Concepts Ltd', 'Lobelia', 'Liquorice', 'Marrubium', and 'Ipecacuanha', each with its category and a link to the full reference.

Clicking on the name of a publication in the left hand column offers navigation to the section you want

Search results for sepsis

Results 1 - 5 of 5, sorted with best match first

BNF 5 Results

- Medicine
- Treatment summary
- Drug
- Interactions

Nicotine: Nicotinell Liquorice 4m Medicine

Nicotine: Nicotinell Liquorice 2m Medicine

Aromatic inhalations, cough preparations Treatment summary

Nicotine Drug

Emergency treatment of poisoning Treatment summary

But you can choose to search in just one by picking it from the list on the right hand side; use the up and down arrows to move to the title you want to search

Antiviral	

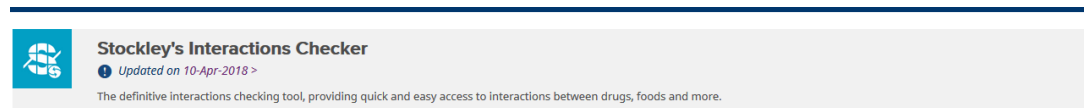

Interactions

Each results page has a quick link to Stockley's Interactions Checker in the top banner area

The image shows the top navigation bar of the MedicinesComplete website. On the left is the MedicinesComplete logo. In the center is a search bar containing the text 'sepsis'. To the right of the search bar is a blue arrow icon. Further right is a red-bordered square icon containing a white circular arrow, representing the Interactions Checker. To the far right is a user profile icon.

This brings up a search form to complete:

The banner for Stockley's Interactions Checker features the product logo on the left. The text reads: 'Stockley's Interactions Checker', 'Updated on 10-Apr-2018 >', and 'The definitive interactions checking tool, providing quick and easy access to interactions between drugs, foods and more.'
